

# WINTER WITH ROBSON HELMAGIC

Valemount B.C.

Always in search of the finest powder? You'll find it here in the magic and tranquility of the Canadian Rocky Mountains. Every winter the majestic landscape enveloping Valemount is transformed by Mother Nature into a heli-ski paradise. The dynamic interplay between the snow, sun and wind creates an ever-changing and renewing snow pack with a variety of ski-conditions to match. Expect to ski runs varying from knee-deep powder to easy-cruising lightly dusted hard-pack. Join us in the spring and experience the excellent sun warmed "corn" snow.

## THE SKIER

You don't have to be an extreme skier to have the time of your life with Robson Helimagic. If you are a strong intermediate skier, you can definitely heliski.

## ARE YOU A SNOWBOARDER?

No problem. Your guide will try to select the most suitable terrain but remember you may need to do some traversing. For your most enjoyment, come as a group of boarders.

## GROUPS

We focus on quality not quantity, providing private skiing at group rates. Groups are small and private with 2 guides per group and between 4 and 8 guests per group. By limiting our numbers we can offer you maximum attention from your guide and less waiting between runs.

## CAN YOU SKI WITH FRIENDS?

Although our lead guide makes group selection based upon matched ability, every effort will be made to keep companion skiers together.

## CUSTOM EXCURSIONS

Do you prefer to ski with your own senior guides and helicopter for the day? We offer private custom charters, including a 6 passenger Bell 407 or 10 passenger Bell 205, for you to ski as much vertical as your guides and your group deem possible. Please inquire for details.
